## Executive Summary

NFG Consulting, Inc (NFG) is an experienced Service Disabled Veteran Owned Small Business (SDVOSB), Scaled Agile Framework (SAFe) Certified organization providing technical and professional services across Federal Agencies, the Department of Defense and to Commercial clients. NFG leverages more than 23 years of experience providing quality support services in the areas of Information Technology (IT) Solutions, Program & Project Management, Professional Services and IT Staffing Solutions, Construction Management and Engineering and Technical Services.

### Team NFG Advantage

- ✓ Over 20 years of service to the U.S. Air Force
- ✓ NFG's SAFe Agile Certification
- ✓ Expertise in core capabilities
- ✓ Focus on standardization, repeatability, collaboration, and communication increases customer satisfaction
- ✓ Use of low-risk, industry proven processes built on SAFe and PMI principles yields turmoil-free operations.
- ✓ Secret Facility Clearance

NFG brings unparalleled qualifications to support our customers with dedicated professionals possessing a broad range of experience in Federal Government programs. We understand the importance of providing exceptional customer service, while working with a vast number of stakeholders to achieve the objectives and goals of the customer. NFG will deliver: 1) Commitment to quality led by key personnel with a consistent track record of performance success, 2) Extensive knowledge of our client's business model, 3) Proven experience providing client support, and 4) Experience advising and assisting senior level stakeholders.

We will provide experts with the right skills to facilitate the mission and seek out opportunities to leverage and integrate best practices and improved technologies into the mission.

## 1.0 Corporate Capability Overview

### 1.1 Our Principles

---

We are committed to our value set. Our name, NFG originates from our commitment to never fear growth. We chose this moniker not only as a reflection of our internal organizational goals, but also to signify our promise to help our clients achieve the growth they might not have realized was possible. We operate by our company values in which we deliver quality products and services to our customers, we have the courage to always do the right thing, we operate with honesty and integrity, we trust in each other and in ourselves to achieve our mission and vision.

At NFG we prioritize what is important. For us that begins with our employees, because our employees are why we exist. We believe our employees are the best in the business and deserve an employer that values their contribution. Second, we are a customer focused organization providing the brightest, most capable personnel and appropriate solutions to our clients at all times. Finally, we focus on the company. We believe that by focusing on the employees and the customers the company will naturally benefit.

NFG operates within our company core values which are integrity, solutions and excellence. We provide unmatched service by staying true to our core capabilities and competencies. We are a strategic focused company that presents forward thinking solutions to keep your clients ahead of the pack and we accept nothing less than success for our clients. We will go above and beyond to leverage our service and solutions to achieve success for you.

### 1.2 Core Capabilities

---

We focus our efforts on 4 Core Capabilities: Engineering Management, IT and Cloud Solutions, Professional Services, and Program and Project Management.

- Our Engineering Management Capability strives to leverage more than 23 years of DoD Civil Engineering background and successes to sustain and modernize critical weapon systems support functions for the warfighter.
- Our IT and Cloud Solutions Capability focuses on On-Site Management and Operations, System Administration, Requirements Analysis, Database Administration, and Cloud and Data Center Support Services.
- Our Professional Services Core Capability specializes in Acquisition Support Services, Business Analysis, Education and Training Support, Office Administration, Consulting Services and Engineering and Technical Services Staffing.
- Finally, our Program and Project Management Core Capability specializes in providing Scaled Agile Fundamental (SAFe) solutions to our clients that streamlines processes, improve timelines and result in quicker realization of value across projects.

### 1.3 NAICS Codes (examples, not a full list)

---

- 541330: Engineering Services

- 541411: Custom Computer Programming Services
- 541512: Computer Systems Design Services
- 541513: Computer Facilities Management
- 541519: Other Computer Related Services
- 541611: Administrative Management and General Consulting Services
- 541618: Other Management Consulting
- 541690: Other Scientific and Technical Consulting Services
- 561110: Office Administrative Services
- 561210: Facilities Support Services
- 611710: Educational Support Services

## 1.4 Past Performance Examples

### 1.4.1 14th Medical Group (14 MDG) Education and Training Program Management

NFG provides Program Management of the 14th Medical Group's Education and Training Program. Our efforts enable the 14 MDG mission to maintain medical readiness for worldwide contingencies, by providing quality health care for over 3,800 beneficiaries. Our team works with MDG stakeholders to develop educational programs designed to augment knowledge and clinical skills of medical staff including planning, developing and presenting continuing education content and programs.

| PROJECT DETAILS              |                                      |
|------------------------------|--------------------------------------|
| <i>Prime or Sub:</i>         | Prime                                |
| <i>Customer:</i>             | 14TH Medical Group, Columbus AFB, MS |

| <i>Period of Performance</i> | 7/5/2021 – 7/4/2026                  |

### 1.4.2 Air Force Civil Engineer Center Subject Matter Expertise (SME) Support

NFG provides Subject Matter Expertise in the fields of Structural Engineering and Lifecycle Cost Estimation to the Air Force Civil Engineer Center. Our team is responsible for reviewing and advising on the formulation of policy directives that influence the construction practices of the 35,000 Air Force Civil Engineer members around the globe.

| PROJECT DETAILS              |                                 |
|------------------------------|---------------------------------|
| <i>Prime or Sub:</i>         | Sub                             |
| <i>Customer:</i>             | Air Force Civil Engineer Center |
| <i>Contract Number:</i>      | FA8051-19-F-A010                |
| <i>Period of Performance</i> | 3/19/2019 – 3/31/2024           |

### 1.4.3 Battle Control System – Tyndall (BCS-T) Operations and Sustainment Services

NFG Provides Operations, Sustainment and Software Engineering support services to the 337th Air Control Squadron, Battle Control System networked training system. Our team ensures that the BCS-T system remains in full mission capable condition to support the training of U.S. Air Force and NATO allies Air Battle Managers. We maintain hardware and software, troubleshoot external interfaces, maintain Authority to Operate (ATO) accreditation, and ensure system security meets DoD objectives.

| PROJECT DETAILS              |                            |
|------------------------------|----------------------------|
| <i>Prime or Sub:</i>         | Sub                        |
| <i>Customer:</i>             | 337th Air Control Squadron |
| <i>Contract Number:</i>      | FA4819-22-F-0003           |
| <i>Period of Performance</i> | 1/1/2022 – 4/30/2026       |

#### 1.4.4 Air Force Reserve Officer Training Corps (ROTC), You Can Fly Program

NFG provided services on the Air Force ROTC You Can Fly scholarship program. Under this program, NFG developed a proprietary database that enabled the tracking of 638 ROTC cadets and expenditure of \$2.1 million in scholarship funds across more than 200 flight schools CONUS and OCONUS. Our team worked with the customer to determine requirements and made recommendations on how to best present data that would benefit the program in its initial year of existence. Our efforts resulted in a streamlined database that enabled accurate reporting for U.S. Senate inquiries into the spending of all funds associated with the You Can Fly scholarship program. Our team oversaw the continuous Financial Management, Project Management, Help-Desk Operations, Administrative Support, and Project Documentation for all program related efforts.

| PROJECT DETAILS              |   |
|------------------------------|---|
| <i>Prime or Sub:</i>         | Sub   |
| <i>Customer:</i>             | Headquarters Air Force ROTC                   |
| <i>Contract Number:</i>      | FA3300-19-R-A011                              |
| <i>Period of Performance</i> | 6/1/2019 – 5/31/2020 and 9/1/2020 – 8/31/2021 |

#### 1.4.5 Base Support and Expeditionary (BaS&E) Planning Tool and Logistics Module (LOGMOD) PMO Support

NFG provides Subject Matter Expertise, Software Testing and Program Management Office support services to ensure that the Air Force has real-time insight and required Command and Control inputs to support bed down operations for expeditionary and garrison locations. Our team utilizes our SAFe certified Agile practices to perform Quality Assurance, Version Control, Requirements Management, Training Management, Configuration Management and Test and Evaluation services.

| PROJECT DETAILS              |   |
|------------------------------|---|
| <i>Prime or Sub:</i>         | Sub   |
| <i>Customer:</i>             | Air Force Lifecycle Management Center, Business Enterprise Services |
| <i>Contract Number:</i>      | FA8771-19-C-0002 and FA8771-20-C-0015                               |
| <i>Period of Performance</i> | 6/1/2019 – 8/31/2020 and 7/1/2020 – 8/31/2024                       |

#### 1.4.6 Air Force Operational Medical Information Systems (AFOMIS)

NFG has been trusted with the oversight of Configuration Management and System Administration portions of the stand-up of the Air Force Operational Medical Information Systems PMO. For the first time in the history of the AF, the Air Force Medical Services (AFMS) will take over program management, control and support of all medical information systems. Supporting this movement from AFLCMC and standing up the AFOMIS PMO is a monumental change in the

way the AFMS does business. NFG is proud to be in the center of that transformation leading the way! NFG will be providing our SME experience for lifecycle system management and integration engineering to modernize systems that were built at the turn of the century.

| PROJECT DETAILS              |                       |
|------------------------------|-----------------------|
| <i>Prime or Sub:</i>         | Sub                   |
| <i>Customer:</i>             | Defense Health Agency |
| <i>Contract Number:</i>      | H0038-19-D-003        |
| <i>Period of Performance</i> | 9/1/2019 – 8/31/2024  |

#### 1.4.7 Rogue Blue Software (RBS) Help-Desk Support

NFG provides the STRATCOM Rogue Blue Software Development Factory (RBSDF) with program management support and expertise in the areas of System Administration, Tier 1 Help-Desk Operations and Information Technology Asset Management (ITAM). NFG team members provided service and support to all RBS personnel, and all end-user devices located in the RBSDF. Our team created, processed and resolves trouble tickets covering NIPRNet and SIPRNet networks.

| PROJECT DETAILS              |                        |
|------------------------------|------------------------|
| <i>Prime or Sub:</i>         | Sub                    |

| <i>Contract Number:</i>      | FA8730-21-C-8511       |
| <i>Period of Performance</i> | 5/17/2021 – 11/16/2024 |

#### 1.4.8 19th Medical Group IT Help Desk Services

NFG provides all program management expertise to monitor and respond to hardware, software and network problems for the 19<sup>th</sup> Medical Group at Little Rock AFB, AR. We oversee the installation of terminals and associated hardware, user training and functional user support in troubleshooting computer related issues.

| PROJECT DETAILS              |   |
|------------------------------|---|
| <i>Prime or Sub:</i>         | Sub                                     |
| <i>Customer:</i>             | 19TH Medical Group, Little Rock AFB, AR |
| <i>Contract Number:</i>      | FA4460-20-F-0002                        |
| <i>Period of Performance</i> | 10/1/2019 – 9/30/2020                   |
